Vichhaiy Serey

Current Address: Phutthamonthon Sai 4, Salaya, Phutthamonthon, Nakhon Pathom, Thailand
Tel: +66 62 4380 562
Email: vichhaiyserey@gmail.com
Place & Date of birth: Banteay Meanchey, 02/02/1992
Nationality: Cambodian

EXPERIENCE

Faculty of ICT, Mahidol University, Salaya - Computer Technical Officer

November 2019 - PRESENT

Support and contribute to IT-related tasks or projects through the implementation of appropriate technologies and solutions.

Current Project: *Develop ICT Inventory System (Laravel PHP).*

Passerelles numériques Cambodia, Phnom Penh -IT Trainer

NOVEMBER 2014- MAY 2015

Design & update courses, use proper pedagogy and conduct research to assign new curriculum.

Courses delivered: *Computer architecture, Network Admin, System Admin, Cisco R&S, and Fundamental Security.*

Passerelles numériques Cambodia, Phnom Penh- IT Admin Officer

OCTOBER 2012 - NOVEMBER 2015

Ensure smooth operation of computer system and network infrastructure as a whole including installation, applying patch, firewalling and providing support to all users including students, trainers and all staff. Report

EDUCATION

Mahidol University, Thailand - *Master of Computer Science*

AUGUST 2015 - MAY 2019

Research Project: Performance Analysis of an AoA-based Wi-Fi Indoor Positioning System [DOI: 10.1109/ISCIT.2019.8905238]

University of Puthisastra, Phnom Penh - *Bachelor of Networking*

OCTOBER 2012 - AUGUST 2014

Passerelles numériques Cambodia, Phnom Penh - *Associate of System & Network Administration*

OCTOBER 2010 - OCTOBER 2012

RESEARCH PROJECT

Improving Accuracy of an AoA Wi-Fi Indoor Localization using Kalman Filter

We propose a Kalman Filter method which could be applied to the measurements of the indoor LBS. The result from the experiment shows that the static positioning accuracy has improved for over 40 percent.

SKILL

- **System & Network Administration** (Windows Server, Linux, Cisco, Mikrotik)
- **Security** (Kali Linux)
- **Web development** (Laravel PHP)
- **Scripting & Automation** (Python & Ansible)

CERTIFICATION & TRAINING

- Cisco CCNA CyberOps
- Mikrotik MTCNA
- Cisco CCNA R&S
- Network Forensics,
- Project Management: The Basics for Success
- Network Security & Database Vulnerabilities,
- Palo Alto Networks Cybersecurity Gateway II

LANGUAGE

Khmer (Native), English (Good), Thai (Fair)
